## **City of Miami Beach**

### **Mission Statement**

We are committed to providing excellent public service and safety to all who live, work, and play in our vibrant, tropical, historic community.

### **Value Statements**

We maintain the City of Miami Beach as a **world-class city**.

We work as a cooperative team of well-trained **professionals**.

We serve the public with **dignity and respect**.

We conduct the business of the city with **honesty, integrity, and dedication**.

We are **ambassadors of good will** to our residents, visitors, and the business community.

## **City of Miami Beach**

### **Five-Year Vision**

Cleaner and Safer;

More Beautiful and Vibrant;

A Mature, Stable Residential Community with Well-improved Infrastructure;

A Unique Urban and Historic Environment;

A Cultural, Entertainment, Tourism Capital; and

An International Center for Innovation in Culture, Recreation and Business

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished  
Budget Presentation  
Award*

PRESENTED TO

**City of Miami Beach  
Florida**

For the Fiscal Year Beginning

**October 1, 2004**

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to **City of Miami Beach, Florida** for its annual budget for fiscal year beginning **October 1, 2004**. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as financial plan, and as a communication device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

# **INTRODUCTION**

## **CAPITAL IMPROVEMENT PROGRAM**

This document is an official statement of public policy regarding long-range physical development in the City of Miami Beach. The Fiscal Years 2006-2010 Capital Improvement Plan (CIP) of the City of Miami Beach is a five year plan for public improvements and capital expenditures by the City. A capital improvement is defined as capital or "in-kind" expenditure of \$25,000 or more, resulting in the acquisition, improvement, or addition to fixed assets in the form of land, buildings, or improvements more or less permanent in character, and durable equipment with a life expectancy of at least five years.

## **PURPOSE AND BENEFITS**

The CIP is a proposed funding schedule for five years, which is updated annually, to add new projects, to reevaluate program and project priorities and to revise recommendations while taking into account new requirements and new sources of funding. The annual capital programming process provides the following benefits:

- The CIP serves as a source of information about the City's physical development and capital expenditures to the citizens, City Commission and Administration, private investors, funding agencies and financial institutions.
- The CIP process provides a mechanism that applies uniformity and consistency in the evaluation of projects and assists in the establishment of priorities.
- The CIP provides for coordination among projects with respect to funding, location and time.

The Capital Plan is developed in accordance with the City's stated plans, goals and objectives and provides for the proper physical and financial coordination of the projects. Private sector development initiatives that provide/require modifications to certain infrastructure will be properly coordinated with city projects to achieve compatibility and greatest benefit.

## **LEGAL AUTHORITY**

Legal requirements for preparing the City of Miami Beach's Capital Improvement Plan are set forth in Miami-Dade County Code (Section 2-11.7—2-11.11), and the Florida Statutes, respectively. House Bill 2377, passed during the 2000 Regular Session of the Florida Legislature, requires the thorough revision of the Capital Improvement Program as a basis of policy and budget initiatives.

## **REVIEW CRITERIA**

All projects submitted for inclusion in the City's Capital Improvement Program are reviewed on the basis of relative need and cost. In addition, several guiding policies direct the determination of the content, scheduling and funding of the Capital Program. These policies are as follows:

1. - Meet the City plans and policies relative to:
  - Maintenance of our environment and quality of life;
  - Maintenance of the City's financial stability;
  - Maintenance of a high standard of safety and security; and
  - Maintenance of the City's effort to stimulate economic growth.
2. Maximize return on investment, in consideration of financial limitations and budget constraints so as to:
  - Preserve prior investments where possible;
  - Reduce operating costs;
  - Maximize use of outside funding sources to leverage the City's investment; and
  - Maximize cost effective service delivery.
3. Improve and enhance the existing network of City service levels and facilities
4. Implement adopted plans
5. Demonstrate coordination and compatibility with other capital projects and other public and private efforts.

## **PROCESS AND PREPARATION OF THE CAPITAL IMPROVEMENT PLAN**

The City's capital improvement plan process began in the spring when all departments are asked to prepare their own capital improvement program containing information on the department's ongoing and proposed capital projects. Individual departments prepare submittals to the Finance Department identifying funding sources and requesting commitment of funds for their respective projects.

The Capital Improvement Review Committee (internal staff committee responsible for reviewing all city projects for planning, design, maintenance, and cost impacts) reviews the projects according to the City's goals, the review criteria, and the purposes of the CIP. In addition the review considers conformance with the Comprehensive Plan and other plans for specific area, and linkages with other projects for combined impact, the availability and source of funding, project impact for maximum benefits to the citizens of the City, and the length of time that a project will benefit the City.

The Finance Department and the Capital Improvement Office provide assistance in preparing and reviewing the CIP for budgetary planning purposes. The proposed document is reviewed by the City Manager, and upon approval, is submitted to the Finance and Citywide Projects Committee, General Obligation Bond Oversight Committee and the City Commission/Redevelopment Agency Board for final approval and adoption in principle.

## **RELATIONSHIP OF THE CAPITAL IMPROVEMENT PLAN TO THE COMPREHENSIVE PLAN**

The City of Miami Beach Comprehensive Plan contains a Capital Improvement Element which describes major City public facility improvements recommended in various elements of the comprehensive plan for implementation during the five years following the adoption of the comprehensive plan. The Capital Improvement Element also demonstrates the ability to fund those improvements. The projects listed are intended to address existing "deficiencies", achieve facility "replacement", or contribute to the general "improvement of Miami Beach". The information for the Capital Improvement Element of the City's Comprehensive Plan is based on this CIP.

## **Section II. Cost Summary:**

This section identifies all costs associated with implementing the project. Costs include.

- Program Management
- Planning/design/engineering
- Construction
- Equipment
- Land Acquisition

In Addition, costs for Art in Public Places and Administrative Oversight are included and calculated:

- Art in Public Places – per City of Miami Beach Ordinance 2004-3448.
- Construction Management – percentage of the sum of planning/design, construction, and equipment expenses each year which funds the CIP Office and Administrative functions.

## **Section III. Funding Sources:**

This section identifies the specific funding sources by year as well as a summary of each type of funding as follows:

- **Funded** - cash is on hand and is available for immediate use (e.g. bond proceeds received).
- **Proposed funding** - a funding source has been identified but the funds are programmed to be available at a future date. This includes proposed financing of authorized bonds, grants that have been applied for but not received, reimbursable grants, funding from the County which has not yet been received, future operating funds, and future special assessments.

## **CAPITAL IMPROVEMENT PROGRAM**

### **Overview**

The Capital Improvement Program (CIP) is a financing and construction/acquisition plan for projects that require significant capital investment. The CIP, which will now be updated annually and submitted to the City Commission for adoption, specifies and describes the City's capital project schedules and priorities for the five years immediately following the Commission's adoption.

On July 21, 1999, the Commission approved the FY 1999 – FY 2004 Capital Improvement Program (CIP) for the City and the Redevelopment Agency. Since that time, the City has issued \$92 million of General Obligation Bonds, pursuant to a referendum; issued \$54 million of Water and Sewer Revenue Bonds; and \$52 million of Stormwater Revenue Bonds; obtained a \$15 million Gulf Breeze Loan; and a \$15 million Equipment Loan.

On September 28, 2004, the Commission approved the FY 2005 – 2009 CIP for the City and the Redevelopment Agency; therefore updating the FY 1999 – 2004 CIP.

During the project development process, specific project components have been identified and authorized funding sources have been allocated for projects. Individual projects within neighborhood areas have been combined to create a single project that addresses the neighborhood needs for infrastructure upgrades, traffic flow, enhancements, etc. This comprehensive approach minimizes disruptions and generates costs savings. The project implementation process is on going. To forward this effort, the City has entered into agreements with various firms for program management, architectural, engineering and other relevant professional services, as well as awarded contracts for construction.

Construction management for the CIP is provided by the CIP Office. This office is designed to consolidate the City's capital construction effort into a single entity and is tasked with constructing the City's funded Capital Improvements in a timely manner.

## **Financing**

A number of capital financing transactions have occurred, which include: Stormwater Revenue Bonds, Water and Sewer Revenue Bonds, General Obligation Bonds, Gulf Breeze Loan and an Equipment Master Lease.

The City issued the remaining \$62,465,000 of the referendum approved \$92 million General Obligation bonds in July 2003. The City also issued Water and Sewer and Stormwater Revenue Bonds in FY 2000 and the initial \$30,000,000 of the authorized \$92,000,000 1999 General Obligation Bond. Other funding available for capital projects include City Center and South Pointe Redevelopment Agency Financing and State and Federal grants.

## **CAPITAL BUDGET**

The City's proposed annual capital budget contains capital project commitments recommended for appropriation for Fiscal Year (FY) 2005-2006. The 2005-2006 Proposed Capital Budget (the "Capital Budget") will be submitted in conjunction with the FY 2005-2006 Proposed Operating Budget.

Preparation of the Capital Budget occurred simultaneously with the development of the FY 2005-2006 Proposed Operating Budget. The Finance Department, together with the Capital Improvements Project Office, began meeting with City Departments in the spring to compile the data necessary for this document, which will be used to update the approved CIP. The updated CIP along with this budget will be brought before a joint meeting of the Finance and Citywide Projects Committee and the General Obligation Bond Oversight Committee for review before being submitted to the City Commission for approval in September 2005.

The Capital Budget presents project budgets for both the current and new capital projects necessary to improve, enhance and maintain public facilities and infrastructure to meet the service demands of residents and visitors to the City of Miami Beach. Capital reserves, debt service payments, and capital purchases found in the operating budget are not included in this budget. However, we have included a capital equipment section, which itemizes purchases of major capital equipment, fleet, light and heavy equipment and information technology related acquisitions. The Capital Budget for FY 2005-2006 will appropriate funding for projects that will require commitment of funds during the upcoming fiscal year.

The Proposed Capital Budget for FY 2005-2006 totals \$126,516,269 and includes 87 capital projects, as well as construction contracts and architect/engineer contracts to be awarded during the upcoming year.

Projects will address many needs in different areas of the City including: neighborhood enhancements such as landscaping, sidewalk restoration; traffic calming; roadway resurfacing and reconstruction; drainage improvements; park renovation and upgrades; and construction/renovation of public facilities.

Improvements to the City's utility systems will include upgrades to water and sewer pump stations; rehabilitation of sewer lines and force mains; and, replacement and upgrades to water lines.

The Capital Budget Document contains the following sections:

- **Funding Sources:** provides the total amount funded by each source and how it is allocated to projects;
- **Program Summary:** provides a listing of all projects by program area, and includes the project section, neighborhood and total cost; and,

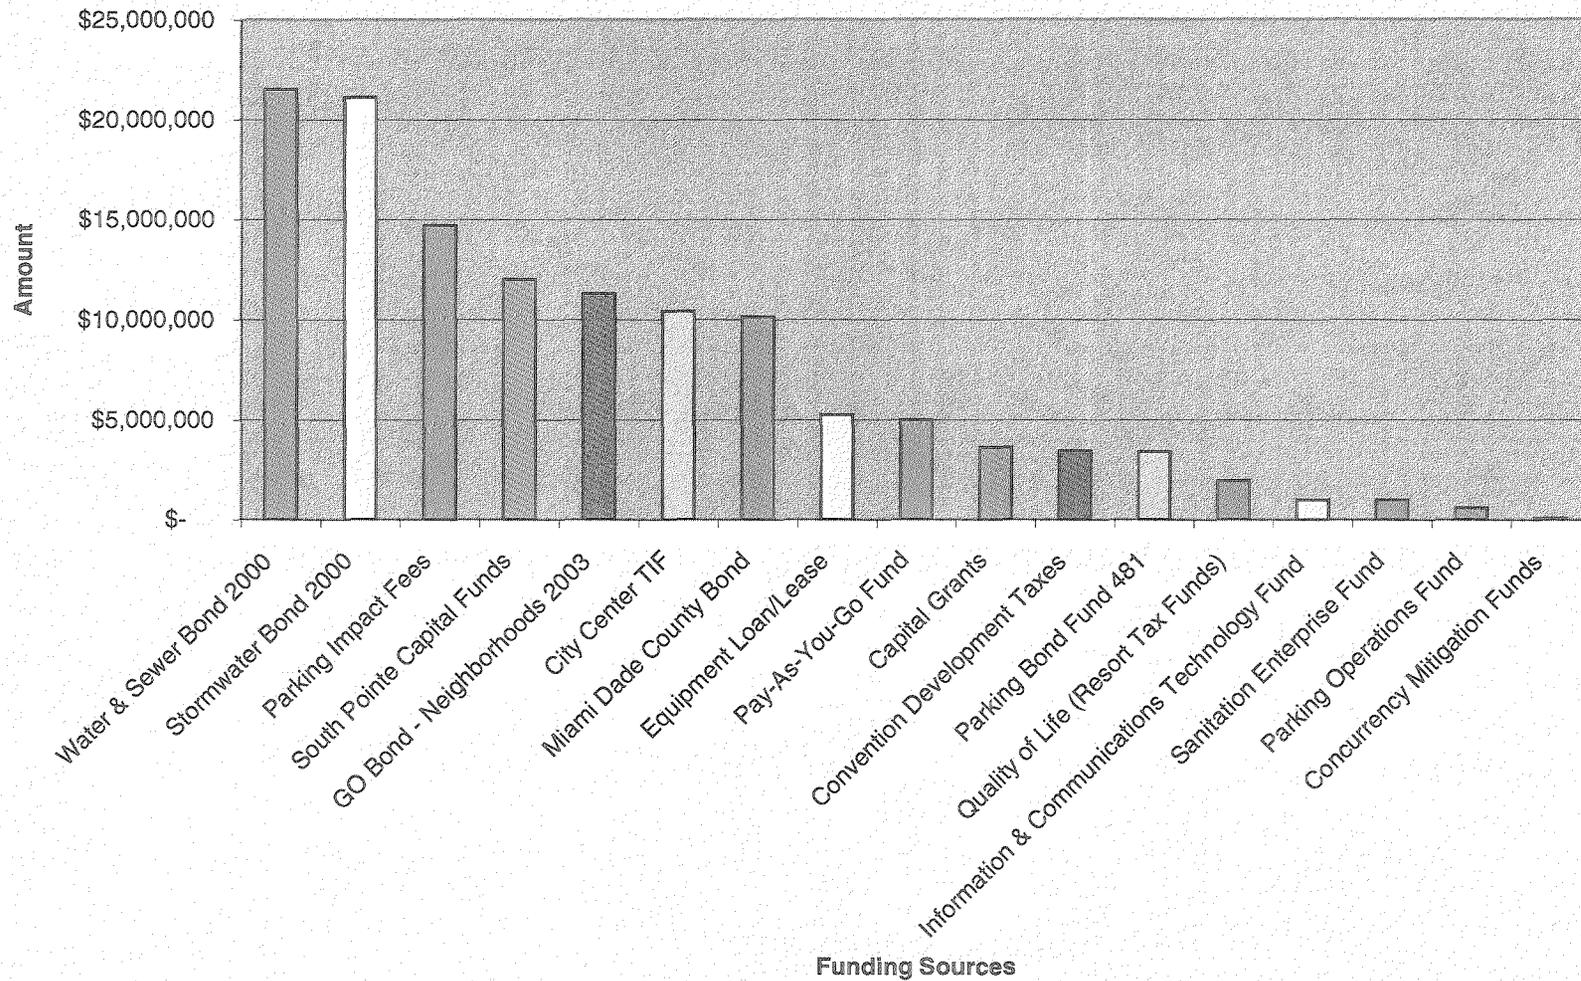

The Administration has also included a section in the FY 2005-2006 Capital Budget listing the various maintenance efforts undertaken by the City for the preservation and enhancement of its assets. The City through its urban planning efforts strives to provide timely and reliable public infrastructure services including road and streetscape maintenance; storm water, solid waste and wastewater repairs; facilities maintenance, landscape maintenance, and parks maintenance. Through various Departments and Divisions, the City ensures that City-wide Assets are preserved and maintained and strives to enact programs which will beautify and improve urban and residential areas, public facilities, and city-wide infrastructure.

**FY 2005-06 CAPITAL BUDGET APPROPRIATIONS**

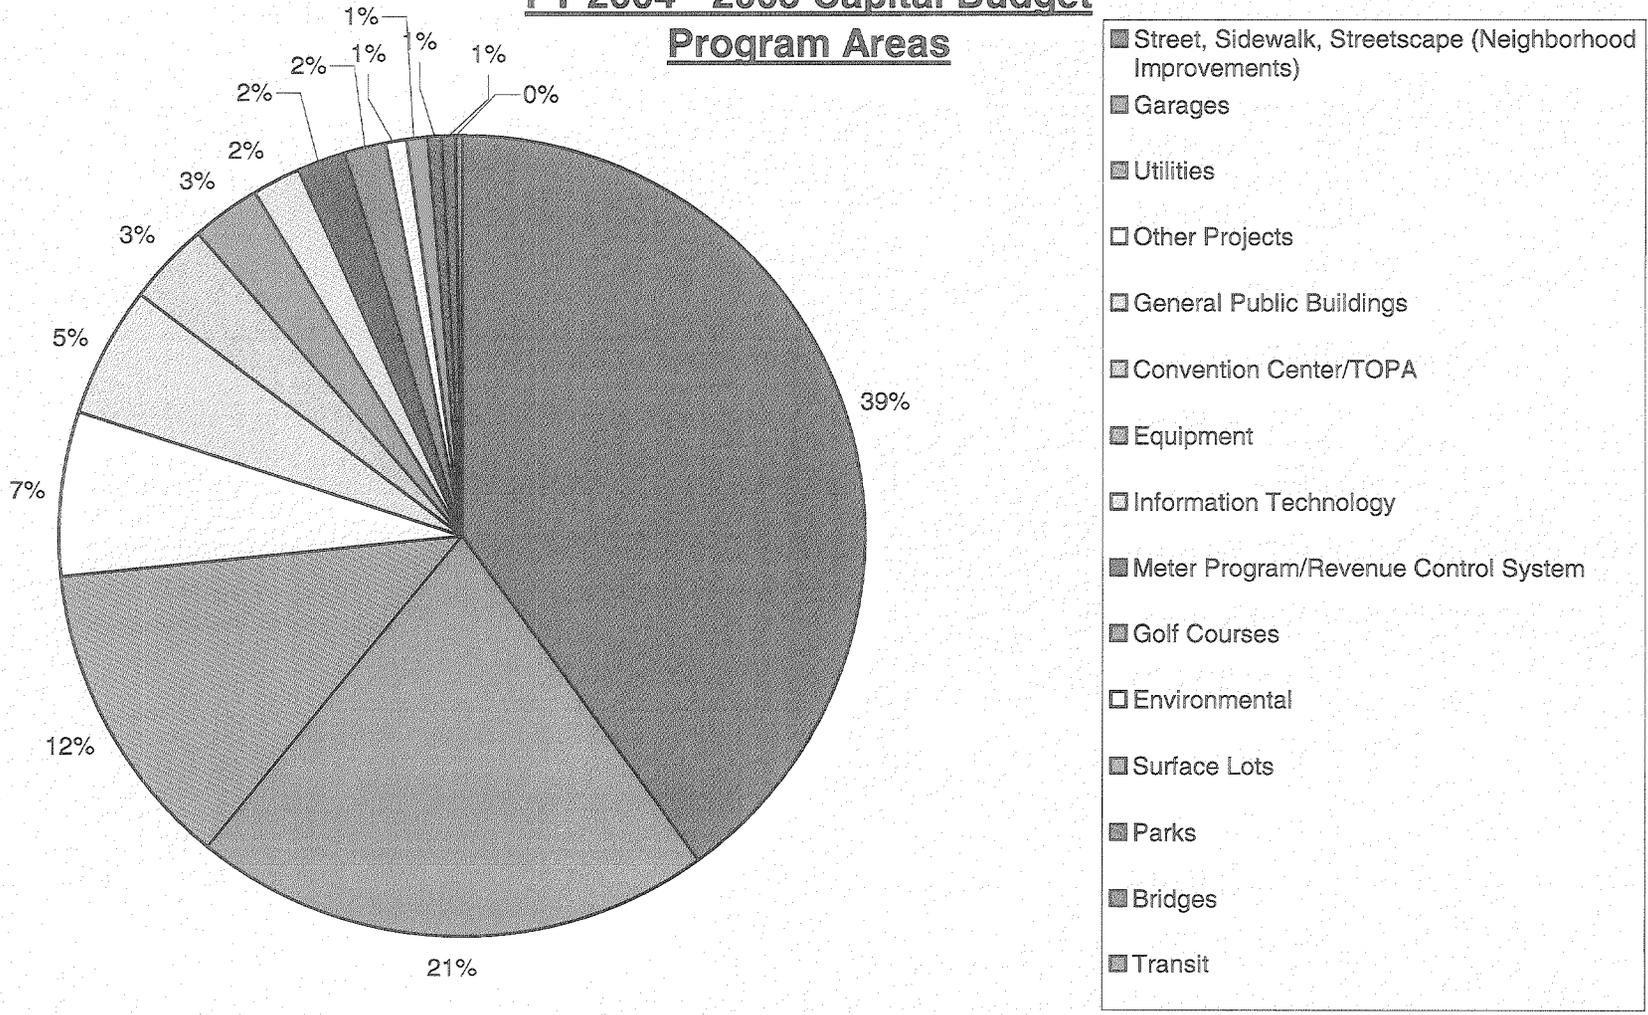

The capital budget for FY 2005-06 is \$26,516,269. Below is a summary of project funding and program areas for FY 2005-06.

<b>Proposed Sources of Funding</b>	<b>Funding</b>	<b>Program Areas</b>	<b>Amount</b>
Water & Sewer Bond 2000	\$ 21,499,402	Street, Sidewalk, Streetscape (Neighborhood Improvements)	\$ 50,682,109
Stormwater Bond 2000	21,133,056	Garages	26,411,169
Parking Impact Fees	14,711,169	Utilities	15,672,131
South Pointe Capital Funds	12,002,243	Other Projects	8,276,042
GO Bond - Neighborhoods 2003	11,297,833	General Public Buildings	6,750,000
City Center TIF	10,419,732	Convention Center/TOPA	4,193,237
Miami Dade County Bond	10,131,000	Equipment	3,742,800
Equipment Loan/Lease	5,254,566	Information Technology	2,511,766
Pay-As-You-Go Fund	5,000,000	Meter Program/Revenue Control System	2,400,000
Capital Grants	3,615,000	Golf Courses	2,000,000
Convention Development Taxes	3,443,237	Environmental	1,000,000
Parking Bond Fund 481	3,400,000	Surface Lots	1,000,000
Quality of Life (Resort Tax Funds)	1,950,000	Parks	931,000
Information & Communications Technology Fund	1,000,000	Bridges	750,000
Sanitation Enterprise Fund	1,000,000	Transit	196,015
Parking Operations Fund	578,016		
Concurrency Mitigation Funds	81,015		
<b>Total</b>	<b>\$ 126,516,269</b>		<b>\$ 126,516,269</b>

# CITY OF MIAMI BEACH

## Capital Budget & 5-Year Capital Improvement Plan

**I. General**

**Title:** Collins Park/Streetscape/Rotunda  
**Project #:** pkscollins  
**Department:** CIP Office  
**Manager:** Keith Mizell  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** citycenter

**Description:** Renovation and redesign of Collins Park on the west side of Collins Avenue (approx. 4.5 acres) per Cultural Campus Master Plan after the demolition of the existing library. Does not include Collins Park improvements on the east side of Collins Avenue (approx. 3.3 acres), for which design and construction are to be coordinated with the streetscape improvements and beach walk improvements.

**Justification:** City Commission authorized conceptual design agreement for Rotunda Building on 3/20/02. Edward Lewis Architects selected for estimation of probable construction cost to bring the building up to code. The City has decided to add the scope for the Design phase of Collins Park, Parking Lot and Streetscape to the Rotunda Renovation RFQ and proceed to do both Projects at the same time with a single selected consultant. The termination of the negotiations with the Stern firm was recommended by the Collins Park Oversight Committee at the meeting of 1/6/04. RFQ presentations to the selection committee were held on 04/05/04. City Commission approved authorization to negotiate with top ranked consultant on 4/14/04. GOBOC gave recommendation to City Commission to approve contract on 7/12/04. City Commission approved contract 7/28/04. A notice to proceed was issued to the consultant for planning and design services on 11/17/04. The Kick-off meeting was held on 11/15/04 and a Visioning Session was held on 12/15/04.

## Capital Budget & 5-Year Capital Improvement Plan

### I. General

**Title:** Lummus Park  
**Project #:** pkslummusp  
**Department:** CIP Office  
**Manager:** Carla Dixon  
**Category:** cip  
**Domain:** Parks  
**Location:** flamingo

**Description:** Improvements to the 26.34-acre regional park per the City of Miami Beach Parks Master Plan, 1996. Proposed elements include: new restroom building at 14th Street without concession; restored restroom at 6th Street; beach volleyball and soccer area; resurfacing of serpentine walk; widening of sidewalk along Ocean Drive; 2 new tot lots; new playground; signage; park furnishings; landscaping including areas east of wall; irrigation; and new palm trees with uplighting. GO Bond components include additional landscaping, and widening of the sidewalks on the east side of Ocean Drive. Other funding includes the 1995 Parks Bond, and FRDAP.

**Justification:** Bermello & Ajamil given notice to proceed with Phase II of improvements 04/06/01. Revised 14th Street bathroom design and final park improvement plans presented at Community meeting, and consensus reached, on 8/28/02. Commission approved additional services for additional contract time period on 11/13/02. Final design approved at 4/8/03 HPB meeting. Additional Services for B&A were approved by the Commission on 4/14/04. Initial project permitting underway. Community Meeting held 08/03/04. F&L Construction mobilized to site 9/20/04, Phase I - sidewalk from 5th - 12th Street demolished and new sidewalk curb and gutter installed by Thanksgiving 2004. Work on Restroom Improvements, and remaining sidewalks from 12th to 14th Lane will begin after Art Deco Weekend. F&L remobilized on site on 3/14/05 with sidewalk curb and gutter between 14th Lane -13th Street. The restroom structure has been demolished and site cleared as on 4/14/05. Construction of the new facility anticipated in May 2005.

# CITY OF MIAMI BEACH

## Capital Budget & 5-Year Capital Improvement Plan

### I. General

**Title:** South Pointe Park  
**Project #:** pkssouthpt  
**Department:** CIP Office  
**Manager:** Nury Menicucci  
**Category:** cip  
**Domain:** Parks  
**Location:** southpoint

**Description:** Improvements to the 17-acre regional park per the City of Miami Beach Parks Master Plan, 1996. Proposed elements include: redesigned park entrance, new restroom building, pedestrian paving, site lighting, playgrounds, signage, landscaping and irrigation. Other funding includes the 1995 Parks Bond. South Pointe Park shoreline stabilization (450 ft. of living seawall., \$157,500) to be scheduled and funded through the GO Bond Neighborhoods Shoreline and Seawall Restoration Program.

**Justification:** Project design was temporarily on hold pending request by consultant for additional reimbursable and survey expenses. Administration & B&A recommended deleting this project from B&A's scope of services. Commission approved deletion of scope and issuance of RFQ for new A/E on 11/13/02. RFQ issued, responses received 1/31/03, City Manager appointed Evaluation Committee; Committee met and ranked top five firms. RFQ responses rejected at 2/25/04 Commission meeting because too much time had elapsed since it was issued and the final decision on the potential significant scope change has not been reached. City approved South Pointe settlement agreement on 7/28/04, and voted on 9/8/04 to issue design RFQ. New RFQ issued on 9/20/2004. Hargreaves and Associates was ranked first by evaluation committee. Commission authorized staff at 11/10/04 meeting to begin negotiating a fee. Initial fee negotiation session held on 12/16/04. Commission awarded agreement to Hargreaves on 1/12/05 and NTP issued on 1/18/05.

## Capital Budget & 5-Year Capital Improvement Plan

**I. General**

**Title:** Washington Park  
**Project #:** pkswashprk  
**Department:** CIP Office  
**Manager:** Nury Menicucci  
**Category:** cip  
**Domain:** Parks  
**Location:** southpoint

**Description:** Improvements to the 1.4-acre neighborhood park per the City of Miami Beach Parks Master Plan, 1996. Proposed elements include: shade pavilion at Community Gardens, 3 gated park entries and accessible routes, security lighting, tennis court lighting, new playground and surfacing, park furnishings, landscaping, and irrigation. CMB CM amount includes \$125 handling fee for SNPB.

**Justification:** Construction documents completed. Project was issued for bid. Pre-bid conference was held 10/23/01. Bids were opened on 11/16/01 and were evaluated by the City staff and consultants. One bid was received, which was over budget. Rejection of bids approved by Commission on 4/10/02. Administration evaluating issuance of new bid, allowing the City to award Group C parks (Fairway, Muss, Washington) as a group or as individual parks.

**Title:** Enhance Enterprise Storage Area Network  
**Project #:** eqcentstor  
**Department:** Information Technology  
**Manager:** Gladys Acosta  
**Category:** cip  
**Domain:** Information Technology  
**Location:** citywide

**Description:** Enhance Enterprise Storage Area Network (SAN)- Currently the City is experiencing limitations in regards to enterprise storage in the environment. Current storage is limited and has a direct impact on our current files and applications such as Police File Server Pool, Building File Server Pool, Finance File Server Pool, TV20, etc. Future requirements for many departments have mandated a strategic solution which is scalable and will provide the necessary space to accomplish each departments needs. At a minimum, we are recommending a new SAN with at least 10 terabytes of physical space.

**Title:** Enterprise Uninterrupted Power Supply  
**Project #:** eqcupsgene  
**Department:** Information Technology  
**Manager:** Gladys Acosta  
**Category:** cip  
**Domain:** Information Technology  
**Location:** citywide

**Description:** Deploy Enterprise Uninterrupted Power Supply (UPS)- In an effort to enhance business continuity the City must institute a UPS solution. Currently City's Data Center is not completely protected by an enterprise UPS solution. We are recommending a complete solution which provides an enterprise level of protection for the City's computing assets and increased manageability of the Data Centers power network. This solution will ultimately provide increased assurance of system availability during a power outage.

**Title:** Public Safety Voice Over IP (VOIP)  
**Project #:** eqcvoipdps  
**Department:** Information Technology  
**Manager:** Gladys Acosta  
**Category:** cip  
**Domain:** Information Technology  
**Location:** citywide

**Description:** Deploy Public Safety Voice Over IP (VOIP)- VOIP is a telephony solution that brings voice and data traffic together on the same network. As a result the City has gained cost efficiencies and enhanced features in converting most City facilities to this platform. The Public Safety Buildings (Police/Fire) are scheduled for implementation in FY 05-06. This will provide the complete solution to our VOIP network and therefore increase the cost savings to the system.

# CITY OF MIAMI BEACH

## Capital Budget & 5-Year Capital Improvement Plan

**I. General**

**Title:** LaGorce Neighborhood Improvements  
**Project #:** rwmlagorce  
**Department:** CIP Office  
**Manager:**  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** lagorce

**Description:** Area-wide street improvement may include: street resurfacing; swale restoration; repair of sidewalks; street lighting upgrades to correct deficiencies and provide pedestrian lighting; enhanced landscaping within the street ROW; and entryway features. Phase I scope is North Bay Road and Pine Tree/La Gorce Sidestreets (approx. 16,000 l.f. City ROW). Phase II scope is the Lakeview area (approx. 10,100 l.f. ). Integrated with drainage improvements to Basins 103, and 117 per Stormwater Master Plan. Other funding from Series 2000 Stormwater Bond. Additional funding to be sought to increase level of improvements, consistent with the Middle Beach Improvements Plan Phase III. Current budgets per available funding.

**Justification:** GOBOC approved incorporation of Cherokee seawall repair or replacement into A/E's scope of services on 5/29/02. Funding (\$45,000) from Shorelines and Seawalls Program. Draft BODR reviewed by staff, and presented to GOBOC on 9/9/02. All recommendations except for the area north of 63rd Street (La Gorce park area) were recommended for approval by Commission. A Community Meeting was held on 9/24/02 to discuss issues where no consensus was achieved regarding the traffic issues at the LaGorce Park Neighborhood. A decision to not close streets was made. After further review, community meeting was held on 11/22/02 where consensus was reached. On 12/2/02 GOBOC recommended Commission approve La Gorce Park area improvements. On 12/11/02, Commission approved BODR. On 01/08/02, Commission approved Amendment to add Design Phase Services to A/E Agreement. On 09/14/04, 60% CDRM was held with the Community. Certain traffic issues were identified at meeting and solutions are being researched by design team.

**Description:** Area-wide street improvement may include: street resurfacing; swale restoration; repair of sidewalks; street lighting upgrades to correct deficiencies and provide pedestrian lighting; enhanced landscaping within the street ROW; and entryway features. Phase I scope is Nautilus West (approx. 22,200 l.f.). Phase II scope is Orchard Park (approx. 12,700 l.f. ). Integrated with waterline replacements throughout the Phase II area, and with drainage improvements to Basins 92, 97, 98, and 99 per Stormwater Master Plan. Other funding from Series 2000 Water & Sewer Bond, and Series 2000 Stormwater Bond. Deductions are for 42nd Street Streetscape and the sidewalk on Pine Tree Drive from 46th to 47th Street. The sidewalk is not shown as a separate project since its construction is a part of the streetscape work, and it is only that it is being performed outside of A/E and project management programs that differentiates it.

**Justification:** Prior allocation of \$296,500 for Trash Receptacles, Traffic Studies, Signage Plan, 42nd Street Streetscape, Pine Tree and 46/47 Sidewalk. A/E Contract approved 5/8/01. Planning phase kick off meeting held on 09/06/01. Neighborhood site visit held on 9/10/01. Internal staff Visioning Session held 11/13/01. CDW No. 1 was held 11/27/01. Amendment to incorporate Orchard Park area was approved by the Commission on 12/19/01. The amount of the amendment is \$51,523. Staff Pre-CDW held 1/24/02. CDW No. 2 was held 1/31/02. Community recommended proceeding with BODR. GOBOC approved BODR on 10/7/02, and the Commission adopted the BODR on 10/23/02. Official Kickoff for Design Phase held on 11/21/02. 30% Design Documents were received and reviewed by City staff in June 2003. Certain difficulties in the drainage design of the project, requiring securing of two easements from Miami Heart Institute, and design of stormwater pump station system in low-lying area of the neighborhood will require additional time to resolve, prior to attaining 60% design documents, which are now expected to be delivered in the first quarter of 2005.

# CITY OF MIAMI BEACH

## Capital Budget & 5-Year Capital Improvement Plan

**I. General**

**Title:** Oceanfront Neighborhood Improvements  
**Project #:** rwmooceanft  
**Department:** CIP Office  
**Manager:**  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** oceanfront

**Description:** Improvements to improve pedestrian comfort and enjoyment for beach access at street ends from 25th Street to 43rd Street (approx. 12,200 l.f.). Eighteen street ends are included at approximately \$200,000 each for pedestrian facilities, streetscape restorations, lighting, and signage, with additional amount for restrooms. Scope may include: street resurfacing; curb and gutter restoration or upgrades; repair, extension, or widening of sidewalks to provide continuous pedestrian ways; street lighting upgrades to correct deficiencies; enhanced landscaping within the street ROW; enhanced pedestrian access to the beach; pedestrian amenities and restrooms at select locations at the beach ends; enhanced pedestrian access to Indian Creek Waterway. Coordinated with Indian Creek Greenway and infrastructure upgrades to Collins Avenue and Indian Creek Drive, south of 43rd Street, and with the City-wide beach restrooms renovations (\$175,000). Project scope includes Indian Creek Greenway, which will be a streetscape along the west side of Collins and Indian Creek Drive, including landscape, street furniture, irrigation, lighting to create a linear pedestrian park and bikeway along Indian Creek from 23rd St & Lake Pancoast to 54th Street. Connects Collins Canal Bikeway and North Shore Beachwalk, and constitutes Municipal Mobility Plan Projects #15 & #44. GO Bond allocation is partial funding to start planning and design. Completion requires control and/or use of shoreline properties in private ownership, and FDOT participation. Construction cost estimate of \$4,300,000 (+ inflation factor) was used in 1999 CIP.

**Justification:** A/E Contract approved by Commission 5/16/01. Planning phase kick off meeting held 07/13/01. Neighborhood site visit conducted 07/26/01. Visioning session held on 10/8/01. CDW No. 1 held 11/13/01. Consultant incorporated comments generated at visioning session and CDW No. 1. CDW No. 2 was held 1/17/02. Consultant began work on survey of underground utilities. BODR approved by GOBOC on 5/13/02. HPB discussed draft BODR as a progress report on 5/14/02. City Commission approved BODR on 5/29/02. Design phase underway. 60% plans have been reviewed by City Departments and the Program Manager. Application was presented at the 5/11/04 Historic Preservation Board Meeting. The HPB raised concerns with landscape design. City met with HPB staff and resolved concerns. Community Design Review Meeting held on 5/12/04. Consultant is continuing with design. 90% design documents are expected by March, 2005. Consultant has held Project kickoff meeting and site walkthrough for the Indian Creek Greenway pilot project scope (design a section of the greenway from approx. 24 St. to 29 St.). Anticipated pilot project completion is 09/01/05.

# CITY OF MIAMI BEACH

## Capital Budget & 5-Year Capital Improvement Plan

I. General

**Title:** Biscayne Point Neighborhood Improvements  
**Project #:** rwnbsprow  
**Department:** CIP Office  
**Manager:** Keith Mizell  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** biscaynept

**Description:** Area-wide street improvement may include: street resurfacing; swale restoration; repair of sidewalks; street lighting upgrades to correct deficiencies and provide pedestrian lighting; enhanced landscaping within the street ROW; traffic calming measures and entryway features. This project includes Biscayne Point (approx. 13,200 l.f.), Biscayne Beach (approx. 14,400 l.f.), and Stillwater (approx. 3,400 l.f.). Streetscape integrated with waterline replacements. Unfunded drainage improvements per the Stormwater Master Plan, Basin 142 Wells Alternative (approx. \$1.2-million for wells alternative). Other funding from Series 2000 Water & Sewer Bond.

**Justification:** Prior allocation of \$500 for signage plan. Negotiations of Contract and Scope with Civil Works ceased. Negotiations were successfully conducted with Corradino Group (#2 ranked firm) for the planning phase of work. Recommendation to appropriate funds approved by GOBOC on 4/8/02, with award by Commission on 4/10/02. Kick-off meeting held and NTP issued 6/10/02. Site reconnaissance visit held 6/17/02. CDW #1 took place 9/19/02 and CDW #2 took place 1/9/03. Revised BODR submitted mid-June 2003. BODR recommended for approval by GOBOC on 8/4/03. Approved by Commission on 10/15/03. Negotiations with Corradino for the design and construction administration services were not successful. The City has terminated the Agreement with Corradino Group and, on 10/13/04, Commission authorized to issue an RFQ for reprocurement of the design and construction administration services on the project. The RFQ was issued on October 25, 2004 and eight responses were received December 17, 2004. The Selection Committee is expected to meet by the end of January 2005.

CITY OF MIAMI BEACH  
Capital Budget & 5-Year Capital Improvement Plan

I. General

**Title:** Normandy Isle Neighborhood Improvements  
**Project #:** rwnnormisl  
**Department:** CIP Office  
**Manager:** Alex Rolandelli  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** normandyis

**Description:** Area-wide street improvement may include: street resurfacing; swale restoration; repair of sidewalks; street lighting upgrades to correct deficiencies and provide pedestrian lighting; enhanced landscaping within the street ROW; traffic calming measures and entryway features. Includes Normandie Sud (approx. 10,100 l.f.), the single-family home areas (approx. 9,500 l.f. City ROW), and the multi-family home areas (approx. 7,000 l.f. City ROW). Integrated with approx. 15,000 l.f. waterline replacements. Other funding from Series 2000 Water & Sewer Bond, and HUD Sec. 108 Loans. Assumed Marseille Drive deduction per appropriation by Res. for \$323,643, but never done, so kept within neighborhood.

**Justification:** Prior allocation of \$14,468 for Trash Receptacles, Traffic Counts, and Signage Plan. CDW # 1 held 11/15/01. CDW # 2 held 1/24/02. On 2/4/02, GOBOC recommended approval of \$10,857.25 for completion of a Traffic Impact Study for the closing of Rue Bordeaux and Rue Notre Dame, and Commission approved on 2/20/02. BODR approved by GOBOC on 5/13/02 and Commission on 6/19/02, after amending it to include sidewalks throughout the neighborhood. On 9/10/03, Commission amended A/E agreement to include additional services for relocating water main service locations. CDRM held with the Community. Consultant preparing 90% documents. Sidewalk infills and Guard House related revisions were reviewed in a public meeting with neighborhood on 5/13/04. The Guard House scope was eliminated and funds are reallocated within the project. Meetings were held 6/22/04 and 6/23/04 with affected residents to complete the sidewalk development. A/E additional fees to complete design of the reallocation study were considered by GOBOC on 11/02/04 and approved by City Commission on 11/10/04. Consultant currently working on 90% documents.

# CITY OF MIAMI BEACH

## Capital Budget & 5-Year Capital Improvement Plan

**I. General**

**Title:** Normandy Shores Neighborhood Improvement  
**Project #:** rwnnormshr  
**Department:** CIP Office  
**Manager:** Alex Rolandelli  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** normandysh

**Description:** Area-wide street improvement may include: street resurfacing; swale restoration; repair of sidewalks; street lighting upgrades to correct deficiencies and provide pedestrian lighting; enhanced landscaping within the street ROW; traffic calming measures and entryway features. Includes both the single family home area (approx. 17,600 l.f.) and the multifamily area on the east side (approx. 1,400 l.f. ). Integrated with waterline replacements throughout both Phase I and Phase II areas, and with drainage improvements to Basins 131, and 139 per Stormwater Master Plan. Other funding from Series 2000 Water & Sewer Bond, and Series 2000 Stormwater Bond.

**Justification:** Planning phase kick-off meeting held on 07/24/01. CDW No. 1 was held 11/29/01. CDW No. 2 was held 3/5/02, where revised plans were endorsed by the neighborhood residents. HOA requested further modifications, which will be add-alternates in the bid documents. BODR approved by GOBOC on 10/7/02, pending satisfaction of residents concerns regarding unit pricing issues. Residents expressed satisfaction. Commission approved BODR on 10/23/02. Partial NTP for surveying (Task 2) issued 10/8/02. Task 2 NTP issued 10/28/02. Design Phase kickoff meeting held 11/14/02. Survey substantially complete. Ongoing meetings are being held to coordinate planned project stormwater improvements with improvements proposed for adjacent Normandy Shores Golf Course. 30% Design drawings submitted by consultant on 4/10/03, and review by City was completed 7/7/03. 60% design drawings submitted and reviewed by City. Consultant currently working on 90% documents.

**CITY OF MIAMI BEACH**  
**Capital Budget & 5-Year Capital Improvement Plan**

**I. General**

**Title:** North Shore Neighborhood Improvements  
**Project #:** rwnnorthsh  
**Department:** CIP Office  
**Manager:** Keith Mizell  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** northshore

**Description:** Area-wide street improvement may include: street resurfacing; swale restoration; repair of sidewalks; street lighting upgrades to correct deficiencies and provide pedestrian lighting; enhanced landscaping within the street ROW; traffic calming measures and entryway features. This project is from east of Indian Creek/Tatum Waterway from 63rd Street to 87th Terrace. Improvements include south of 73rd Street (approx. 11,100 l.f. City ROW), north of 73rd Street (approx. 28,600 l.f. City ROW), and Park View Island (approx. 2,900 l.f.). Integrated with approximately 17,000 l.f. waterline replacements. Other funding from Series 2000 Water & Sewer Bond.

**Justification:** Prior allocation of \$34,750 for Trash Receptacles and Signage Plan. A/E contract and scope of services was negotiated with Corradino Group. Fee agreement reached 08/24/01. Commission awarded A/E contract on 10/17/01. Kickoff meeting for Traffic Study held 12/4/01. Kickoff meeting for Planning tasks held 1/15/02. Site reconnaissance visit held 1/24/02. Visioning session with staff was held 3/28/02. Commission approved an item at its 5/8/02 meeting to authorize surveys and traffic counts, and appropriated \$13,125 for said services. CDW #1 held 5/16/02. CDW # 2 held 7/24/02. CDW #3 held 1/28/03. The revised BODR and Amendment #1 was approved by the GOBOC on 7/7/03 and by Commission on 7/30/03. Negotiations with Corradino for the design and construction administration services were not successful. The City has terminated the Agreement with Corradino Group and, on 9/8/04, the Commission authorized the City to issue an RFQ for reprocurement of the design and construction administration services on the Project. The RFQ was issued and the selected evaluation committee is meeting on January 25, 2005.

CITY OF MIAMI BEACH  
Capital Budget & 5-Year Capital Improvement Plan

I. General

**Title:** Star, Palm & Hibiscus Island Enhancement  
**Project #:** rwsislands  
**Department:** CIP Office  
**Manager:**  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** sphislands

**Description:** Star Island - Streetscape improvements on Star Island (approx. 4,000 l.f.) including: street resurfacing; swale restoration; sidewalk repair and upgrade; street lighting upgrades to correct deficiencies and provide pedestrian-level lighting; enhanced landscaping within the street ROW; traffic calming. Integrated with water line replacement. \$60,000 to refund appropriation of funds for Star Island Beautification. Palm & Hibiscus Islands - Streetscape improvements on Palm and Hibiscus Islands including: street resurfacing; swale restoration; sidewalk repair and upgrade; street lighting upgrades to correct deficiencies and provide pedestrian-level lighting; enhanced landscaping within the street ROW; traffic calming. Integrated with replacement of galvanized water lines, and drainage improvements to Basins 146 (Hibiscus), and 147 (Palm) per the Stormwater Master Plan. Other funding from Series 2000 Water & Sewer Bond, and Series 2000 Stormwater Bond.

**Justification:** Prior allocation of \$60,000 for Star Island Beautification. Planning phase kick off meeting held 07/05/01. Planning team neighborhood site visit conducted on 07/17/01. Internal planning staff visioning session held 08/29/01. CDW No. 1 held 9/25/01. CDW No. 2 held 10/25/01. BODR approved by GOBOC on 4/8/02, and by Commission on 5/8/02. ROW design suspended at 30% level until related undergrounding plans have been completed. The transformer layout package submitted by FPL has been approved by the HOA, and is currently being reviewed by the Public Works Department. Undergrounding planning effort continuing. A request to break out Star Island portion of project is pending, which could allow Star Island design to move forward while undergrounding of Palm and Hibiscus pending. CIP is investigating pricing with JOC contractor to see if feasible.

# CITY OF MIAMI BEACH

## Capital Budget & 5-Year Capital Improvement Plan

**I. General**

**Title:** Venetian Neighborhood- Causeway (Bid D)  
**Project #:** rwsvencswy  
**Department:** CIP Office  
**Manager:** Jorge Chartrand  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** venetian

**Description:** Streetscape improvements for the Venetian Causeway, from the Dade Boulevard intersection to the City Line. Improvements to include sidewalk, curb and gutter, lighting, landscaping, traffic control device improvements, and gateway treatment. Coordinate with Dade Boulevard improvements, and Dade Boulevard Intersection Improvements as appropriate. Cost includes sub-aqueous force main replacement east of Belle Isle and below the bascule bridge; however this component is CMB-managed, and fully funded (Series 2000 Water & Sewer Bond funds). Final costs per H&S cost model. Other funding from Series 2000 Water & Sewer Bond. Miami-Dade County Public Works and ISTEPA funding is not confirmed. Proposed funding from Miami-Dade MPO and Road Impact Fees.

**Justification:** Original intent was to enter into interlocal agreement designating County as implementing entity since Causeway is a County road. CIP staff, City of Miami, County staff and neighborhood representatives met and agreed on project approach. Parties agreed to confirm all funding and hire a consultant to revise master plan and develop construction documents for funded improvements. Meeting held on 8/13/03 to discuss scope, budget and implementation plan. Implementation strategy planning continues; planning meetings held with County on 12/4/03 and 12/8/03. On 3/1/04, GOBOC made recommendation for Commission to appropriate City's proportionate share of funding for planning phase. City met with County on 3/19/04 and is preparing a draft interlocal agreement for County review. Draft interlocal agreement provided to County; County comments on interlocal agreement received and response sent on 8/20/04. Meeting held with County to finalize design strategy held on 12/10/04; follow up meeting held on 1/5/05.

## Capital Budget & 5-Year Capital Improvement Plan

**I. General**

**Title:** Washington Avenue Streetscape  
**Project #:** rswashave  
**Department:** CIP Office  
**Manager:** Diana Trettin  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** flamingo

**Description:** Streetscape improvements along Washington Avenue per Master Plan. Includes Phases I through V. Improvements include sidewalks, curb and gutter, sidewalk lighting, landscaping, median planting, irrigation and median design elements. Work coordinated with water line replacements, upgrades and drainage upgrades.

**Justification:** Phases I and III are complete. Solicitation for Design-Build bids for Phases II, IV and V was issued on April 23, 2003.

## Capital Budget & 5-Year Capital Improvement Plan

I. General

**Title:** West Avenue/Bay Road Improvements  
**Project #:** rwswestrow  
**Department:** CIP Office  
**Manager:** Jorge Chartrand  
**Category:** cip  
**Domain:** Street/Sidewalk/Streetscape Improvements  
**Location:** westavenue

**Description:** Area-wide street improvement may include: street resurfacing; swale restoration; repair of sidewalks; street lighting upgrades to correct deficiencies and provide pedestrian lighting; enhanced landscaping within the street ROW; and entryway features. Scope includes West Avenue and Bay Road from 5th Street to Collins Canal, east/west side streets west of Alton Road from 6th to Lincoln Road, and Lincoln Court. Integrated with drainage improvements to Basins 7, 8, 11, 12, and 13 per Stormwater Master Plan. Other funding from Series 2000 Stormwater Bond and Grand Flamingo impact mitigation fees for Bay Road.

**Justification:** Prior allocations of \$18,000 for Trash Receptacles, Traffic Studies and Signage Plan. Commission approved item adding 3 additional cross streets and appropriation of \$27,290 to A/E agreement on 4/10/02. CDW No. 2 is still on hold pending confirmation of additional storm water funding and potential RDA funding. Final design of Bay Rd. agreed to at 8/26/02 community meeting. Commission approved Amend. 2 for additional stormwater services for Bay Road on 9/25/02. On 5/21/03, Commission approved additional services for A/E in amount of \$64,480 for CA of Stormwater improvements on Bay Road. Revision to consultant agreement being negotiated to provide for (1) design of additional required stormwater improvements; (2) design of additional RDA funded improvements; and (3) holding of second Community Design Workshop. Meeting held on 12/06/04 to discuss contract amendment. Additional negotiation session held on 1/19/05. On 7/30/03, Commission approved Development Agreement with AIMCO to construct 1400-1600 Bay Road improvements. Construction of Bay Road improvements initiated 11/10/03 and are approximately 99% complete.

# CITY OF MIAMI BEACH

## Capital Budget & 5-Year Capital Improvement Plan

### I. General

**Title:** FY 06 Equipment Rental - Sewer  
**Project #:** utcsewreq  
**Department:** Public Works  
**Manager:** Mike Alvarez  
**Category:** cip  
**Domain:** Utilities  
**Location:** citywide

**Description:**

1. Emergency generator and by-pass pumping equipment for sewer pump stations, as needed.
2. 40-ton Crane @ \$3,300/month with operator rental for Pumping Stations for approximately 3-1/2 months (as needed-\$13,200).
3. Machinery Rental (front end loader @\$2,400/month (\$9,600), 20-ton crane @\$2,800/month (\$11,200), and backhoe @\$1,800/month (\$4,200) for excavation and heavy equipment removal (pump station equipment and installation as needed - \$25,000).

**Justification:**

1. Needed to maintain pumping operations in accordance with regulatory agency mandates (DERM & EPA) in the event of power or pumping failures. Consequences of not having the emergency equipment include financial citations (for sewer spills), area moratoriums, and ultimately could result in the loss of sewer collection operating permits (\$80,000). Projection based upon reduction of FY 05 expenditures as rehabbed stations come on line.

### II Cost Summary

## Capital Budget & 5-Year Capital Improvement Plan

**I. General**

**Title:** FY 06 Contract Maintenance-Sewer  
**Project #:** utcswrcont  
**Department:** Public Works  
**Manager:** Mike Alvarez  
**Category:** cip  
**Domain:** Utilities  
**Location:** citywide

**Description:**

1. Permanent concrete restoration by concrete contractor (7,500 square ft @ \$5/sq. ft = \$37,500)
2. Permanent asphalt restoration by asphalt contractor (3,334 square ft. @ \$12/sq. yd = \$40,000)
3. The equipment requires specialized repair and maintenance skills and expertise that the department does not have on staff (\$225,000). Based upon historical data.

**Justification:** Maintenance contract for the repair and maintenance of sewer pumping motors and pumps due to severe pump station deteriorated conditions. The restoration work is outsourced and material prices have increased approximately 50%. Further, a third crew was created in the Division, creating an increased capacity for restoration work.

**II Cost Summary**

**Description:**

1. Maintenance contract for the repair and maintenance on water pumping motors and pumps. The motors and pumps require repair and maintenance skills that the department does not have on staff (\$55,000) (Based on historical data).
2. Permanent concrete restoration (after emergency repairs) of sidewalk and curbing by concrete contractor (22,500 square ft. @ \$5/sq. ft. = \$112,500)
3. Permanent asphalt restoration of pavement and traffice loops (after emergency repairs) by asphalt contractor (3,834 square ft @ \$12/sq. yd. = \$46,000)

**Justification:** The restoration work is outsourced and material prices have increased approximately 50%. Further, a third crew was created in the division, creating an increased capacity for restoration work.

## Capital Budget & 5-Year Capital Improvement Plan

### I. General

**Title:** South Pointe Wastewater Pump Station  
**Project #:** utsspwmmps  
**Department:** CIP Office  
**Manager:** Carla Dixon  
**Category:** cip  
**Domain:** Utilities  
**Location:** southpoint

**Description:** New master in-line wastewater booster station to be located at 1st Street and Jefferson Avenue location. This project is an integral part of the city-wide wastewater pump station upgrades that are currently under construction under the 1995 Water and Sewer bond.

**Justification:** This project is in the design phase. Basic design approved by Planning staff and by Public Works staff. Project is currently over the initial estimated budget. Staff and consultant are evaluating options which will reduce costs as well as make presentation to DRB more compatible with the initial expectations and with the surrounding neighborhood. Expected submittal of modifications in early Fall for presentation to DRB. Notice to proceed with design development will be given to Consultant once DRB has approved and appropriate budget has been established.

## Capital Renewal and Replacement

Miami Beach has continued to expand its facilities and infrastructure in response to the desire of so many who wish to live, work, and play in our vibrant, tropical, and historic community. The City currently maintains a vast number and variety of buildings, structures and facilities, hundreds of acres of recreational and open space, significant public art pieces, and hundreds of miles of streets, sidewalks and alleys. However, existing funding levels do not provide for major capital renewal and replacement projects and these projects often are deferred many years beyond their useful life. Further, as a result of the current \$400 million capital improvement program, in addition to approximately \$100 million from Miami-Dade County's recently approved General Obligation Bond Program, there will be a significant increase in additional maintenance needs. Over the next couple of years, we will be bringing on line approximately 15 additional miles of sidewalks and 22 miles of curbing; 1,924 additional streetlights and 1,043 additional uplights (a 30% increase combined); new parks still to be designed (Flamingo, South Pointe, Collins, Altos Del Mar, the Garden Center, Fairway, Muss and Washington parks) – all of which will be competing with general fund services as well as with rising costs due to such factors as union contracts, personnel costs and the cost for contractual services.

To ensure that renewal and replacement of general fund assets are funded and addressed when needed, the City has established a separate reserve with a dedicated source of funding. The FY 2004/05 adopted budget established this reserve to be used exclusively to provide for renewal and replacement of capital items related to our facilities and infrastructure over and above the routine maintenance already included in the budget. Project specific appropriations from the fund are reviewed and approved each year by the City Commission as part of the budget process, and are used exclusively for those capital expenditures that help to extend or replace the useful life of our facilities.

The funding of this restricted account is accomplished by adding all or a portion of the amount of the Debt Service Millage reduction to the General Operating Millage. In FY 2004/05 the dedicated millage for Renewal and Replacement was 0.126. In FY 2005/06 the reduction in debt service millage is 0.156 of which 0.056 was added for a cumulative Renewal and Replacement millage in FY 2005/06 of 0.182 and with a net decrease to the total operating millage of 0.100 mills.

As assessed values in the City continue to rise over the upcoming years, the cost of debt service on outstanding general obligation bonds will be spread over a larger value resulting in a decrease in debt service millage each year. If the City were to continue this process, thereby, adding the decrease in debt service millage each year to the general operating millage until the amount of the millage associated with maintenance reached 0.5 mills, it would generate (based on today's value of a mill) approximately \$7.5 million for additional infrastructure maintenance each year. Once this level is

reached, the total millage will continue to decrease providing room for future GO bond issuances should the Commission and the community wish to pursue future issues.

The following chart illustrates the impact of the Renewal and Replacement millage in FY 2005/06.

	" Dedicated Millage For Capital Renewal and Replacement " Tax Levy			
	FY 2003/04	FY 2004/05	FY 2005/06	Inc/(Dec)
General Operating	7.299	7.299	7.299	0.000
Renewal & Replacement	<u>0.000</u>	<u>0.126</u>	<u>0.182</u>	<u>0.056</u>
Total Operating Millage	<u>7.299</u>	<u>7.425</u>	<u>7.481</u>	<u>0.056</u>
Debt Service	<u>0.874</u>	<u>0.748</u>	<u>0.592</u>	<u>(0.156)</u>
TOTAL	<u>8.173</u>	<u>8.173</u>	<u>8.073</u>	<u>(0.100)</u>

The FY 2004/05 adopted budget established this reserve with first year funding in the amount of \$1.347 million. In FY 2005/06, the funding for the reserve is \$2.53 million, an increase of approximately \$1.2 million.

The millage usage and project specific appropriations for the Capital Renewal and Replacement Fund are reviewed and approved each year by the City Commission as part of the budget process. The recommended project specific appropriations for FY 2005/06 are shown in the following table.

CITY OF MIAMI BEACH FY 05-06 RENEWAL AND REPLACEMENT FUND			
CAPITAL RENEWAL AND REPLACEMENT PROJECT NAME / DESCRIPTION	CRITERIA TYPE	TOTAL REQUEST BY BLDG.	FY 2005/06 PROPOSED R & R FUNDING
<b>POLICE STATION BUILDING</b>			
<b>Replace 6 Air Handlers</b> 20 years old. Replacement due to end of useful life.	1.A	\$108,900	\$108,900
<b>Generator Motor Control Center Replacement</b> 17 yrs old. Beyond useful life out of sequence.	1.A	71,500	71,500
<b>Police Station Community Room and South Stairwell Glass Block Replacement</b> Deterioration of the Police Station Glass Block, installed with construction in 1987, is causing water intrusion into the building's Community Room and stairwells and deterioration of the reinforcing steel. The replacement will improve weather-tight integrity of the building and conform to new impact resistant glass code requirements	1.A	467,500	467,500
<b>Replace Equipment at Police Gun Range</b> Beyond Useful Life	1.A	100,000	100,000
<b>Retrofit Ladies Locker Room Showers</b> Showers are 18 years old and need to meet ADA standards.	1.A	33,000	0
<b>TOTAL POLICE STATION BUILDING</b>		780,900	747,900
<b>HISTORIC CITY HALL BUILDING</b>			
<b>Six (6) Air Handler Replacement</b> <b>Replace six (6) 20 year old air handlers due to end of useful life.</b>	1.A	\$108,900	\$108,900
<b>Historic City Hall Elevator (2) Renovation and Electrical Upgrade</b> Elevators and most of their mechanical operating equipment were built in 1927.	1.A	165,000	165,000
<b>TOTAL HISTORIC CITY HALL BUILDING</b>		273,900	273,900
<b>CITY HALL BUILDING</b>			
<b>Air Duct System Replacement and Installation of Filtration &amp; Pre-cooling System</b> 27 year old outside air duct system replacement and installation of filtration and pre-cooling system. Duct system is internally corroded	1.A	84,700	84,700
<b>Electrical Upgrades</b> Replace 27 year old of Transformers - Main Breakers Replacement per Fire Dept & NFPA 110 Generator need to be tested under load month. Replace Fire Pump Controller & Two Transformers - Fire Safety	1.A 1.A	73,150	73,150
<b>Hurricane Shutter Replacement</b> Shutters cannot be repaired, are worn and are unsecurable. Dade County approved shutters should be installed to replace 27 year old shutters. Grant application pending	1.A	495000	0
<b>City Hall Main Elevator Renovation &amp; Electrical Upgrade</b> The mechanical contact controller is no longer manufactured and replacement parts are hard to obtain The elevator is frequently out of service. The digital controller utilizes less electricity	1.A	88000	88000

**CITY OF MIAMI BEACH  
CITYWIDE MAINTENANCE AND REPAIRS BUDGET  
FY 2005-2006 (PROPOSED)**

The Administration, in an effort to maintain the City of Miami Beach as a world- class city, has positioned a cooperative team of well-trained professionals responsible for the upkeep and routine maintenance of City-wide assets and facilities. The City has and continues to make a significant investment in the preservation and enhancement of its assets. The City has earmarked approximately \$36.5 million in FY 2005-2006 for this effort.

The City's Proposed FY 2005-2006 Maintenance and Repairs Budget is comprised of funds earmarked for the following types of facilities and or functions:

<u>FACILITY/FUNCTION</u>	<u>FY 2005-2006 Projection</u>
Public Works – Streetscape, Utilities, & Warehouses	\$15,572,197
Parks & Rec. Facilities, Parks, Tot-Lots, & Landscape	9,261,618
Cultural Facilities	3,358,694
Parking Garages & Surface Lots	3,039,259
Public Safety Facilities	1,866,495
Fleet Maintenance	1,589,350
Administrative Facilities	1,421,740
Other Facilities	214,165
Sculptures & Monuments	176,750
Fire & Ocean Rescue	<u>23,725</u>
<b>TOTAL</b>	<b>\$36,523,993</b>

## Maintenance Budget by Function

The City's Proposed FY 2005-2006 Maintenance and Repairs Budget is comprised of efforts from the following Departments and Divisions:

<b>Department / Division</b>	<b>FY 2005-2006 Projection</b>
Public Works (Streetscape & Utilities)	\$15,156,184
Facilities Management (Internal Services)	7,179,437
Parks & Recreation (Parks, Tot Lots, & Landscape)	6,703,169
Parking (On Street & Off Street)	2,758,334
Fleet Management	1,589,350
Convention Center & Jackie Gleason Theater	2,937,044
Arts in Public Places & Historic Preservation	176,750
Fire & Ocean Rescue	23,725
<b>TOTAL</b>	<b>\$36,523,993</b>

The Departments and Divisions providing maintenance and repair services strive to provide efficient, accountable, and courteous services that enhance the quality of life for all who live, work, and play in our vibrant, tropical, and historic community.

The City through its urban planning efforts strives to provide timely and reliable public infrastructure services including road and streetscape maintenance; storm water, solid waste and wastewater repairs; facilities maintenance, landscape maintenance, and parks maintenance. The City, through its various Departments and Divisions, ensure that City-wide assets are preserved and maintained. The City strives to enact programs which will beautify and improve urban and residential areas, public facilities, and city-wide infrastructure.

**Maintenance and Repairs Budget**

Preparation of the Maintenance and Repairs Budget occurred simultaneously with the development of the FY 2005-2006 Proposed Operating Budget. City Departments along with the Office of Management and Budget and the Finance Department corresponded in order to compile the data necessary for this document, which will be submitted to the City Commission in September 2006.

The Maintenance and Repairs Budget lists line item budgets for both current and new city-wide maintenance programs necessary to maintain, improve, and enhance public facilities and infrastructure to meet the service demands of residents and visitors to the City of Miami Beach.

The proposed budget totals \$36,523,993 and includes 129 identified category areas.

### **Category Areas**

The following areas have been identified by the City as key concerns where available maintenance and repair funds will be expended:

- Facilities Management (Property Management)
  1. Parks & Recreation Facilities (i.e. Youth Centers & Tot Lots)
  2. Cultural Facilities
  3. Administrative Facilities
  4. Public Safety Facilities
  5. Public Work Facilities
  6. Parking Garages
  
- Parks and Recreation Maintenance
  1. Parks Maintenance

2. Landscape Maintenance
  3. Playground Replacement
- Public Works (Streetscape & Utilities)
    1. Streets and Streetlights System Maintenance
    2. Storm Water Collection System Maintenance
    3. Water Distribution System Maintenance
    4. Sanitary Sewer System Maintenance
    5. Sanitation Services
  - Parking (Off Street & On Street)
    1. Garage Maintenance
    2. Sign & Pavement Markings
    3. Parking Meters
    4. Lot Maintenance
  - Fleet Maintenance
  - Convention Center & Jackie Gleason Theater

- Sculptures & Monuments Maintenance
- Fire & Ocean Rescue

## DEFINITIONS

**APPROPRIATION:** The legal authority necessary to make an expenditure for a specific project up to a certain dollar amount. All appropriations must have an available funding source before an appropriation can be made.

**BEGINNING DATE:** Date that work on the project has begun or is expected to begin. This date may correspond to the preparation of architectural drawings, the beginning of construction, or the installation of equipment, depending upon a particular project.

**CAPITAL APPROPRIATIONS RESOLUTION:** A resolution implementing the Capital Budget prepared annually and adopted by the City Commission. This instrument authorizes specific appropriations by source of funding for specific capital projects and is subject only to formal amendments during the fiscal year.

**CAPITAL BUDGET:** All funds to be appropriated for those ongoing capital projects as well as additional funds scheduled for projects (both ongoing and new) in the current fiscal year of the Capital Improvement Program.

**CAPITAL IMPROVEMENT PROGRAM:** An official multi-year plan of capital projects for the City that shows prior appropriations, current year budget and future funding needs on a project by project basis, including summary information tables.

**CAPITAL PROJECT: (OR CAPITAL IMPROVEMENT):** A capital or in-kind expenditure of at least \$25,000, resulting in the acquisition, improvement, construction, or addition to the City's fixed assets in the form of land, buildings or physical improvements to real property (more or less permanent in nature), and durable equipment with a life expectancy of at least 5 years.

**AVAILABLE FUNDING SOURCE:** A funding source is available if it is receivable at the time that expenditures for a given project are incurred. For example, an approved bond referendum that has been validated is a certified, available funding source, while an anticipated bond referendum not yet approved, by the voters is not.

**COMPREHENSIVE PLAN:** Refers to the City of Miami Beach Year 2005 Comprehensive Plan, as adopted.

**LEVEL OF SERVICE (LOS):** The acceptable, minimum level of service that must be provided by public facilities as specified in the Comprehensive Plan. Level of service standards are adopted for a) recreation and open space; b) potable water; c) sanitary sewers; d) storm drainage; e) solid waste; and f) traffic circulation.

**OPERATING BUDGET:** Refers to the current revenues and expenses incurred by city departments, and agencies. These items would usually be reflected in the General Fund and/or in the Enterprise Funds.

**COMPLETION DATE:** The expected date that the project will be completed and become fully usable. The project may be carried on the books for a period of time after the completion date.

**COST SCHEDULE:** A list of capital costs directly associated with the design, construction or acquisition of a project, itemized by line items used in the Citywide accounting system. Costs are expressed in thousands of dollars and reflect the amount of money EXPENDED in prior years and the expected amount of EXPENDITURES for the six year CIP.

**DEPARTMENT:** The City department that has initiated the project.

**DESCRIPTION:** A description of the project, highlighting the most important features.

**FUNDING SCHEDULE:** A list of all funding sources contributing to that project funding. Abbreviated funding codes are used, with brief titles given at the bottom of each page and a full explanation of each in the "Capital Program" section. Costs are expressed in thousands of dollars and reflect the amount of money APPROPRIATED in prior years and the expected amount of APPROPRIATIONS for the six year CIP.

**JUSTIFICATION:** A description of project benefits, justifying expenditures for the project.

**NEIGHBORHOOD:** One of the neighborhoods that comprise the City. Neighborhood boundaries were developed as part of the Year 2000 comprehensive planning process.

**PERCENT COMPLETED:** The percentage amount of the project expected to be complete as of September 30, 2001. Completed architectural drawings for a project with no actual construction started may be shown as "5%" completed.

**PROJECT PRIORITY:** An "1", "2", "3", "4" rating is assigned to each project, with "1" being the highest priority and "4" being the lowest priority.

**A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, APROPRIATING THE CITY OF MIAMI BEACH AND MIAMI BEACH REDEVELOPMENT AGENCY CAPITAL BUDGET FOR FISCAL YEAR 2005-2006 AND ADOPTING THE CAPITAL IMPROVEMENT PLAN FOR FISCAL YEARS 2006-2010.**

**WHEREAS**, the 2006-2010 Capital Improvement Plan (CIP) for the City of Miami Beach is a five year plan for public improvements and capital expenditures by the City; and

**WHEREAS**, this document is an official statement of public policy regarding long-range physical development n the City of Miami Beach; and

**WHEREAS**, on July 21, 1999 the Commission approved the FY 1999 - FY 2004 CIP for the City and the Redevelopment Agency; and

**WHEREAS**, since that time, the City has issued \$92 million of General Obligation Bonds, pursuant to a referendum; issued \$54 million of Water and Sewer Bonds; and \$52 million of Stormwater Revenue Bonds; and

**WHEREAS**, the approved Capital Improvement Plan has been updated to include projects that will be active during the fiscal years 2006 through 2010; and

**WHEREAS**, the Proposed Capital Budget for FY 2005-2006 totals \$126,516,269 and includes eighty seventy projects and capital equipment acquisitions recommended for appropriation in conjunction with the FY 2005-2006 Operating Budget; and

**WHEREAS**, the Proposed Capital Budget itemizes project funds to be committed during the upcoming fiscal year detailing expenses for project components which include: architect and engineer, construction, equipment, art in public places, and other related project costs; and

**WHEREAS**, on September 12, 2005 the FY 2005-2006 Proposed Capital Budget and updated Capital Improvement Plan were discussed at a joint meeting of the Finance and Citywide Projects Committee and the General Obligation Bond Oversight Committee; and

**WHEREAS**, a copy of the proposed Capital Budget for FY 2005-2006 is included below.

**NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA**, that the Mayor and City Commission hereby adopt and appropriate, the City of Miami Beach/Miami Beach Redevelopment Agency Capital Budget for Fiscal Year 2005-2006 and adopt the Capital Improvement Plan for Fiscal Year 2006-2010.

**CITY OF MIAMI BEACH  
COMMISSION ITEM SUMMARY**

**Condensed Title:**

A Resolution adopting the City of Miami Beach and Miami Beach Redevelopment Agency Capital Budget for Fiscal Year 2005-2006 and the Capital Improvement Plan for Fiscal Years 2006-2010.

**Issue:**

Shall the City Commission adopt the City of Miami Beach and Miami Beach Redevelopment Agency Capital Budget for Fiscal Year 2005-2006 and the Capital Improvement Plan for Fiscal Years 2006-2010?

**Item Summary/Recommendation:**

The Proposed Capital Budget for FY 2005-2006 totals \$126,516,269 and includes 87 projects and capital equipment acquisitions recommended for appropriation in conjunction with the FY 2005-2006 Operating Budget. It itemizes project funds to be committed during the upcoming fiscal year detailing expenses for project components which include: architect and engineer, construction, equipment, art in public places, and other related project costs.

The Administration recommends the City Commission approve the proposed Capital Budget and updated Capital Improvement Plan.

**Advisory Board Recommendation:**

On September 12, 2005 the FY 2005-2006 Proposed Capital Budget and updated Capital Improvement Plan was discussed at a joint meeting of the Finance and Citywide Projects Committee and the General Obligation Bond Oversight Committee. A presentation was made outlining the neighborhood enhancements, park renovation and upgrades, construction of new facilities, and upgrades to utility systems that were planned for FY 2005-2006. Copies of the draft Proposed Capital Budget for FY 2005-2006 and updated Capital Improvement Plan were distributed to each member in advance. The City Manager, Capital Improvement Project Office Director, Chief Financial Officer, department directors, and other City staff were available to discuss specific projects and respond to the Committee's questions. The Finance and Citywide Projects Committee unanimously approved and moved the item to the full Commission.

## COMMISSION MEMORANDUM

**To:** Mayor David Dermer and  
Members of the City Commission

**Date:** September 21, 2005

**From:** Jorge M. Gonzalez  
City Manager

A handwritten signature in black ink, appearing to read 'Jorge'.

**Subject:** **A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, APPROPRIATING THE CITY OF MIAMI BEACH AND MIAMI BEACH REDEVELOPMENT AGENCY CAPITAL BUDGET FOR FISCAL YEAR 2005-2006 AND ADOPTING THE CAPITAL IMPROVEMENT PLAN FOR FISCAL YEARS 2006-2010.**

### ADMINISTRATION RECOMMENDATION

Adopt the Resolution.

### BACKGROUND

Planning for capital improvements is an ongoing process; as needs change within the City, capital programs and priorities must be adjusted. The Capital Improvement Plan ("CIP") serves as the primary planning tool for systematically identifying, prioritizing and assigning funds to critical City capital development, improvements and associated needs.

Each year, City departments submit their projected capital needs for the next five year period. All projects submitted for inclusion in the City's CIP are reviewed on the basis of relative need, cost and availability of funding. The Finance Department and the Capital Improvement Office provide assistance in preparing and reviewing the CIP for budgetary planning purposes. The proposed documents are presented to the Finance and Citywide Projects Committee and General Obligation Bond Oversight Committee for review, and to the City Commission/RDA for approval and adoption.

The CIP was created as a plan for projects that require significant capital investment and is intended to serve as an official statement of public policy regarding long-range physical development in the City of Miami Beach. The CIP specifies and describes the City's capital project plan and establishes priorities for the upcoming five year period.

Following the adoption of the CIP by the Mayor and City Commission in July of 1999, individual projects within neighborhood areas were combined to create "packages" of projects that address the neighborhood needs for infrastructure upgrades, traffic flow, enhancements, etc. This comprehensive approach minimizes disruptions and generates costs savings. The projects address many needs in different areas of the City including: neighborhood enhancements such as landscaping, sidewalk restoration, traffic calming, parking, drainage improvements and roadway resurfacing/reconstruction; park renovation and upgrades; and construction or renovation of public facilities.

The City's first Capital Budget was adopted concurrently with the Fiscal Year (FY) 2001- 2002 operating budget. It included the portion of the five year plan that would be committed during that

fiscal year. The Administration is presenting the proposed FY 2005-2006 Capital Budget and the updated CIP for FY 2006-2010, following a comprehensive review of the CIP to insure that the Plan accurately reflects all project budgets, funding sources and commitments, for adoption by the City Commission.

## **ANALYSIS**

### **Capital Improvement Plan**

The 2006-2010 CIP for the City of Miami Beach is a five year plan for public improvements and capital expenditures by the City. This document is an official statement of public policy regarding long-range physical development in the City of Miami Beach. The approved Capital Improvement Plan has been updated to include projects that will be active during the fiscal years 2006 through 2010.

The Plan has been updated to include additional funding sources that have become available, changes in project timing, and other adjustments to ongoing projects as they have become better defined. Certain adjustments have been made to reclassify previously appropriated funds from a cash flow basis to a commitment basis for budgeting purposes; other project appropriations have been adjusted to reflect projects that have been reconfigured, re-titled, combined with or separated from other projects and/or project groupings. Adjustments for appropriations that were made at the funding source level rather than at a project level have also been included. These adjustments have no fiscal or cash impact and are as a result of a comprehensive review of the program to insure that our plan accurately reflects all project budgets, funding sources and commitments.

### **Capital Budget**

The Proposed Capital Budget for FY 2005-2006 totals \$126,516,269 and includes 87 projects and capital equipment acquisitions recommended for appropriation in conjunction with the FY 2005-2006 Operating Budget. It itemizes project funds to be committed during the upcoming fiscal year detailing expenses for project components which include: architect and engineer, construction, equipment, art in public places, and other related project costs. Additionally, the projected costs of program manager services are included. Capital reserves, debt service payments, and other capital purchases found in the Operating Budget are not included in this budget.

On September 12, 2005 the FY 2005-2006 Proposed Capital Budget and updated Capital Improvement Plan was discussed at a joint meeting of the Finance and Citywide Projects Committee and the General Obligation Bond Oversight Committee. A presentation was made outlining the neighborhood enhancements, park renovation and upgrades, construction of new facilities, and upgrades to utility systems that were planned for FY 2005-2006. Copies of the draft Proposed Capital Budget for FY 2005-2006 and the updated Capital Improvement Plan were distributed to each member in advance. The Capital Improvement Project Office Director, Chief Financial Officer, department directors, and other City staff were available to discuss specific projects and respond to the Committee's questions.

## **CONCLUSION:**

The Administration recommends adoption of the attached Resolution, which establishes the Capital Budget for Fiscal Year 2005-2006 and the Capital Improvement Program for Fiscal Years 2006-2010.
