## LETTER TO COMMISSION

TO: Mayor Philip Levine and Members of the City Commission  
FROM: Raul J. Aguilá, City Attorney   
DATE: May 2, 2016  
SUBJECT: Promotion of Aleksandr Boksner

I am pleased to announce the promotion of Aleksandr Boksner from First Assistant City Attorney to Deputy City Attorney. Alek was the Chief Assistant County Attorney with Marion County, Florida, before joining the City Attorney's Office in 2009, and was an Assistant Chief for the County Court Criminal Division of the State Attorney's Office of the Eleventh Judicial Circuit.

Alek has successfully litigated various matters on behalf of the City, and has been instrumental in the proper enforcement and compliance with the City's Code of Laws and Ordinances. He has overseen the prosecution of code enforcement cases before the City's Special Masters, drafted extensive enforcement legislation that directly impacts quality of life offenses, and served as the City's Legal Advisor to the Police Department.

Alek will continue to be responsible for defending those legal challenges that the City will face from its governmental business practices, which will include issues pertaining to liability and sovereign immunity, regulatory statutory compliance and enforcement, public records and government in the sunshine laws, legislative process and enactment, and any other legal matters that stem directly from civil litigation surrounding the City's governmental business operations.

Please join me in congratulating Aleksandr on this exciting news.
