

MIAMI BEACH

OFFICE OF THE CITY MANAGER

NO. LTC # **354-2016**

LETTER TO COMMISSION

TO: Mayor Philip Levine and Members of the City Commission

FROM: Jimmy L. Morales, City Manager

DATE: August 26, 2016

SUBJECT: **SABRINA'S ADAPTIVE BEACH DAYS – ENHANCED DISABLED PARKING AVAILABILITY AT MUNICIPAL PARKING LOT NO. P81**

The purpose of this LTC (Letter to Commission) is to provide an update regarding efforts to enhance disabled parking availability at Municipal Parking Lot No. "P81", located at 64th Street and Collins Avenue, adjacent to Allison Park, during Sabrina's Adaptive Beach Day events.

As you may know, parking demand at P81 is high. A recent parking utilization survey conducted at P81 over a seven day period revealed on average, 85% of parking spaces, including disabled parking spaces, were occupied.

In order to enhance disabled parking opportunities, the following reasonable accommodation for parking will be deployed at P81 during the next scheduled Adaptive Beach Day event on Saturday, September 3, 2016:

1. 26 contiguous parking spaces (equivalent to 18+/- disabled parking spaces with 5' access aisles) will be posted for event use as disabled parking between the hours of 6am and 3pm.
2. Signs will be posted on Friday, September 2, 2016, providing ample notice of the restriction. Please note signs will have the specific hours posted in order to maximize use of the parking spaces when the restriction is not in effect.
3. Parking enforcement personnel will be on hand to assist.

If successful, this parking plan will be deployed on future event days.

If you should have any questions, please contact Saul Frances, Parking Department Director at 305.673.7000, extension 6483.
